

Vehicle Mounted Laptop Kit

Today's work environment is mobile; the vehicle has become the office. You can help your workers be more productive in the field with a solution mounted in their car or truck.

DataSource Mobility has created this mounted bundle solution to easily integrate into most vehicles. We take the guess work out of vehicle based deployments! Our new bundles make ordering easy, and provide you with a total solution.

DSM-210 Complete Mounting Solution—only \$4,205 or Lease for only \$117/month (36 mo FMV).

- Panasonic Toughbook 53
